WE HAVE MOVED

This May we celebrated our 19th-Year in business and this June we finally moved into the building we purchased last year. Our new building is located in the Northern part of Scottsdale, Arizona. It is just down the street from the TPC, (home of the Phoenix Open golf tournament), and just across the street from West World, (home of the Barrett-Jackson Classic Car Auction). Our major cross streets are the 101 Freeway and Bell Road. We offer Depot Repair on most Sun Microsystems Servers and Workstations and you are always welcome to pick up any equipment you purchase.
