

## Something New from DMGI.net

After months of exhaustive work, we have completed our "Coupon Code" and "E-Mail Specials" projects. Completion of these projects will enable us to save you even more money. The manufacturers and distributors, whose products we carry, come to us on a weekly basis and offer overstocked products at substantial discounts. A recent example was a DVD player / recorder with a MSRP of \$500. We sell that DVD player / recorder for \$295 on our web site. The 1-week special price on that item was only \$139. There is no way for us to lower all the prices on the web site for 1-week, and there is no way to print and mail you a flyer through the US Post Office within 1-week. Our solution, to give you the opportunity to purchase these products at the best possible price, is e-mailing you the information with a coupon code. The coupon code is for a limited period of time. When the Coupon Code is entered in the "View Cart" or "Checkout" screens, it will automatically lower the price. Our first coupon special was e-mailed last week. If you did not receive it, but would like to, please e-mail or call us with the e-mail address to send it to. Conversely, if you received the e-mail from us, and you would not like to receive future e-mails, please let us know as well. Our e-mail address is [info@dmgi.net](mailto:info@dmgi.net). We welcome any suggestions or ideas on how we can better serve you.

## Coming Soon from DMGI.net

# FYI... Coupon Codes

The coupon code for this flyer is vol002. You may use only one coupon code per cart on our web site, however you will automatically receive the maximum discount on every item in your shopping cart. As an example, if you purchase the Sun Blade 1000, plus a flat panel monitor, plus a DVD, plus a Dell notebook. Your Blade 1000 is discounted \$605, Plus your monitor is discounted \$200, Plus your DVD is discounted \$50, Plus you receive a Free \$169 docking station with your Notebook. Your total savings is \$1,024. If you experience any problems, please notify us and we will correct the situation. Coupon Codes are able to give you a discount on the price of an item, able to give you a free item with the purchase of another item, and able to give you both a discount and a free item. Coupon Codes used to raise money for Charitable Causes will give a fixed percentage of the gross sale to that Charity. The amount of this donation will be clearly printed on the receipt. These Coupon Codes can also give both a discounted price and a donation to the Charitable Cause. Coupon Codes are void where prohibited.
