The Sun Fire V245 server is Sun's replacement for the Sun Fire V240 server. Like the V240 the Sun Fire V245 is a 2U rack mount server with up to two 1.5GHz UltraSparc IIIi processors. The V245 server can accommodate up to 16GB Memory and four internal SAS disk drives. The V245 has two PCI-X slots and two PCI Express slots. It comes standard with redundant power supplies and cooling fans. Delta Marketing Group, Inc. has Sun Fire V245 servers in stock as well as all CPU upgrades, Memory upgrades, Additional disk drives, as well as Ethernet, Fibre Channel, Graphics, and SCSI adapters. Most items are available for shipment the same day we receive your order.

**Sun Fire V245 245-ELZ2C12GC2**

- Dual 1.5GHz / 1MB L2 external Cache
- 2GB Memory
- Two 73GB disk drives
- New / Un-Used (NOB) 1-Year Warranty

...\$5,945

In addition to this configuration, we can configure the Sun Fire V245 server to your exact specifications. Please let us know what your requirements are, and we would be happy to provide a formal quote.
